

## Teacher Licensure Unit Orientation & Information Handbook

Information contained in this document can be used in two ways:

Option 1 - Create a Binder: The links in the right column of the *Table of Contents* will open corresponding documents. You can print the documents and place them in a binder to use during the training and as a reference book.

Option 2 - Use a Computer: Use your computer, with internet access, and open each link as information is presented during the training. You can also create a folder on your desktop and save all documents to use during the training and as a reference.
